ACADEMIC YEAR 2025-26

REPORT ON OUTREACH PROGRAMME
ABOUT AI TOOLS AND EMERGING TECHNOLOGIES

★ Students of Classes VII and VIII had an informative session on AI Tools on 17.04.25 (Thursday).

★ The Session was conducted by the Intellects Club of S.R.M Institute of Science and Technology, Kattankulathur.

★ The Resource Person Ms. Anushka Dasgupta, alumnus of D.A.V. Public School, Batch of 2022, focussed on Five Main Domains of Emerging Technologies.
   - ❖ Artificial Intelligence
   - ❖ Cyber Security
   - ❖ Cloud Computing
   - ❖ Block Chain
   - ❖ Gaming Technology

★ Simple Real Life situations were used to make them understand the meaning of all the domains.

★ The Session was interactive throughout and inputs from the students made the content relevant.

★ After each domain was discussed, students were given opportunity to clear their doubts in the respective domains:
   - ❖ Difference between Cyber Security and Block Chain Technology
   - ❖ Difference between a Website and AI
   - ❖ The working of Ghibli
   - ❖ Why robots can't reproduce Captcha

★ The Session ended with the Resource Person driving home the importance of learning about the Technology required to develop and use Artificial Intelligence tools effectively and safely.
